

WE Type C Tank Reference List

Project	Client	QTY	Description	Tank Volume (cbm)	Material	Delivery
85000cbm VLEC HULL No. : G85K-1 G85K-01	DSIC	2 shipsets	EPC of 3x Tri-lobe cargo tanks + 1 x Cylindrical cargo tanks; First VLEC with innovative star tri-lobe design, each cargo tank of the VLEC can load 24,000m ³ liquefied gas, and makes the tank becoming the largest independent Type C tank in the world. Class DNV-GL	3x24000 + 1x14000 per ship	5% Ni	May, 2017 for 1 st ship; Oct, 2019 for 2 nd ship
85000cbm VLEC HULL No. : G85K-1 G85K-01	DSIC	2 shipsets	EPC of LNG Fuel Gas Tanks which is Cylindrical type C tank with Dish end design. Class DNV-GL	2x1000 per ship	9% Ni	May, 2017
15000cbm RPV	AC-INOX	2	P+C of 2x15000cbm Cylindrical type C tank; With single cylinder horizontal vessel design, the loading capacity of one tank is up to 15,000 m ³ and steel weight is 1200t per tank. It is currently the world largest onshore cylindrical LEG tank ever built. The solution for production engineering, fabrication and transportation is provided by WE. The tank engineering and fabrication is qualified by Europe PED and in accordance with the regulations of DNV-GL.	2x15000	5% Ni	April, 2018

Project	Client	QTY	Description	Tank Volume (cbm)	Material	Delivery
8500cbm LNG Bunkering Vessel HULL No. : G8500-1	DSIC	1 shipset	EPC of 2x4000cbm Cylindrical type C tanks. The first LNG Bunkering Vessel in China. Class CCS	2x4000 per ship	9% Ni	May, 2020
9500cbm Multi-Gas Carrier HULL No.: H5508	CSSC Guangzhou Huangpu Shipbuilding	1 shipset	P+C of 2x4500cbm Cylindrical type C tanks and 2x250cbm Fuel Gas tanks. Class CCS	2x4500 + 2x250 per ship	9% Ni	Under construction
SWS 209K Dual Fuel Bulk Carriers HULL No.: H1531 H1532	SWS shipbuilding	2 shipset	EPC of 2x3100cbm Cylindrical type C LNG Fuel Gas Tanks Class ABS	2x3100 per ship	9% Ni	Under construction
14000 TEU Container Ship	Yangzijiang Shipbuilding	1 shipset	Basic and detail design of 12000cbm type C bi-lobe LNG Fuel Gas Tank Class NK	12000	9% Ni	Sept, 2020

WE Type C Tank Reference List

Project	Client	QTY	Description	Tank Volume (cbm)	Material	Delivery
690 TEU Container Ship	Yangzijiang Shipbuilding	1 shipset	Basic and detail design of 1250cbm type C LNG Fuel Gas Tank Class CCS	1250	9% Ni	Under design stage
15.8k Crude Oil Tanker	GSI Shipyard	2 shipset	EPC of 2x2550cbm Cylindrical type C LNG Fuel Gas Tanks Class ABS	2550	9% Ni	Under construction
